### POSITION DESCRIPTION

The State of New Jersey, Division of Property Management & Construction seeks to hire multiple Construction Management Specialist 3 to work in their Code Review & Quality Control Unit. Under the direction of a supervisor within the Code Review & Quality Control Unit, responsible for the review of a wide range of structures including but not limited to: office buildings, laboratories, museums, warehouses, technology centers, detention facilities, schools, psychiatric facilities, State Park facilities and Department of Transportation road maintenance facilities. Stipulates design and code deficiencies and potential problems on reviews and reports, for the benefit of project managers, architects, engineers, contractors and using agency representatives. Performs research and provide technical assistance to architects and engineers in the design development of all facilities under the jurisdiction of the Division. Ensures that plans, specifications, addendum, bulletins, change orders, variations, scopes of work and shop drawings are analyzed for feasibility, viability of design, correctness of design and maintainability, in addition to code compliance as required by the UCC and conformance with the original scope of work. Performs interim and final plan reviews of plans, specifications and other documents for code, design, SOW, constructability, quality and quantity of information, details, coordination between architectural, fire, electrical, mechanical & plumbing drawings; addressing known problems that consistently re-occur during design and construction to avoid construction issues and change orders during construction. Reviews and approves multiple phase plans, specifications, addendum, scopes of work, bulletins, change orders, shop drawings (construction phase permit/code reviews) and variations.

**Building Subcode Official:** The ideal candidate will have a diverse and well-rounded knowledge of all building construction types and Use Groups from class 3 to class 1 structures; extensive experience in the field of architectural design and construction, with a strong knowledge of architectural construction methods and techniques; complete understanding of the NJ Uniform Construction Code, International Building Code Code, NJ Edition, International Energy Conservation Code, ASHRAE 90.1, International Mechanical Code, Barrier Free Subcode, ICC/ANSI A117.1 and the NJ Rehabilitation Subcode; and the knowledge and ability to consult with design professionals and offer advice and guidance in the design of construction projects.

**Note:** Preference will be given to candidates who possess and maintain a Building Subcode Official License and Building Inspector HHS License.

**Fire Subcode Official:** The ideal candidate will have a diverse and well-rounded knowledge of all building fire systems, construction types, high hazard and high-rise buildings and all Use Groups from class 3 to class 1 structures; extensive experience in the field of fire science design and construction, with a strong knowledge of architectural construction methods and techniques; complete understanding of the NJ Uniform Construction Code, NJ Uniform fire code, and all current referenced codes and subcodes including but not limited to the New Jersey Rehabilitation Subcode, International Building Code, International Mechanical Code, International Fire Code and the NFPA Codes and Standards; the knowledge and ability to consult with design professionals and offer advice and guidance in the design of construction projects; knowledgeable of all aspects of design and construction projects, and the ability to ensure that plans, specifications, addendum, bulletins, change orders, variations, scopes of work and shop drawings are analyzed for feasibility, viability of design, correctness of design and maintainability, in addition to code compliance as required by the UCC and conformance with the original scope of work.

**Note:** Preference will be given to candidates who possess and maintain a Fire Subcode Official License and Fire Inspector HHS License.

**Plumbing/Mechanical Subcode Official:** The ideal candidate will have a diverse and well-rounded knowledge of all building construction types and Use Groups from Class 3 to Class 1 structures, the NJ Uniform Construction Code, National Standards Plumbing Code, NJ Edition, International Fuel Gas Code, Barrier Free Sub Code, ICC/ANSI A117.1 and NJ Rehabilitation Sub Code. Ability to perform research and provide technical assistance to architects and engineers in the design development of all facilities under the jurisdiction of the Division.

**Note:** Preference will be given to candidates who possess a Plumbing Sub Code Official License and Plumbing Inspector HHS License.

Standard workweek is Monday through Friday. Position offers a comprehensive benefits package including medical, prescription and prescription drug coverage, benefit leave, Pension, supplemental pension plan, tax saving programs, and paid holidays.
